

**don't suffer in
your**

SAFAR

ROAD TRAFFIC INJURIES

nearly

1.3 million
DEATHS

& as many as

50 million
INJURIES
each year

**Safar is your personal co-pilot,
always on the lookout for
potential hazards and ready to
call for help at the push of a
button**

Idea

Using the abnormalities in accelerometer and gyroscope to detect an accident

The purpose of our app is to help users get timely assistance in case of emergencies and to potentially save lives. It also helps emergency services to quickly reach the user and provide the necessary assistance at a very minimal cost

FEATURES

- **Automatic Accident Detection**
- **GPS Local Tracking**
- **Emergency Contact Notification**
- **In-app Emergency Button**
- **Fluctuating heart rate prediction**
- **Crash Severity Detection**

BUSINESS PLAN

The initial plan includes partnering with various two-wheeler vehicle retailers and sell the subscription to safar with every purchase of the vehicle
